

# Digestive Solution™

## ENERGY • CARD

*for energetically enhancing food & beverages naturally!*

Digestive Solution™ is an energy card that was developed as a complementary therapy program that is accepted by Doctors and Practitioners as an aid to introduce energy into your food and beverages.

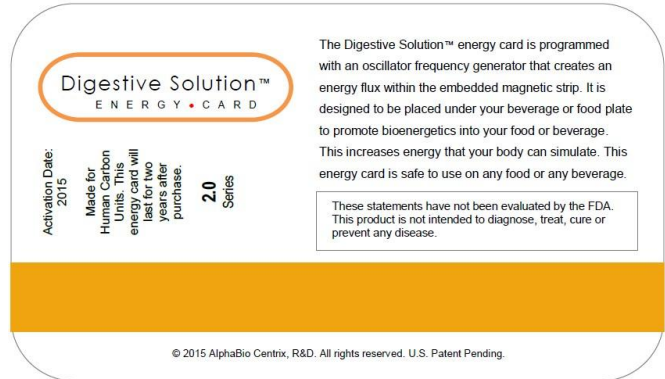

Made in the U.S.A.

## **BOOST the ENERGY from the Food and Beverages you consume!**

Front

Back

You can **NOW** boost your “Body’s Energy Signature” by simply placing this **Digestive Solution™** energy card under your food plate and the beverage of your choice and receive energy from the card instantly. The energy card has a small magnetic strip embedded in the back that holds digitally enhanced information that once your food or beverage comes in contact with it, the energy is delivered immediately to the food and beverage, thereby boosting the energy to your food to maximize the nutrition you consume.

### What makes this Energy Card work?

Our engineers have achieved the correct ratio response of frequency signatures through a technology that matches the same energy you receive from the nutrients you get from the food you eat and drink. When we consume food it converts into chemical energy, which provides the nutritional needs for energy and growth. This connection is defined by the laws of thermo-dynamics that requires all humans to ‘burn’ food for energy.

Negative energy imbalance can lead to a decline in metabolism, decreases in bone mass, reductions in thyroid hormones, reductions in testosterone levels, an inability to concentrate, and a reduction in physical performance. Yet a negative energy imbalance does not lead to weight loss. The body detects an energy “deficit” and fat reserves are called upon to make up the difference. Our Digestive Solution™ energy card is charged with the correct bio energy signatures that enhances the pure nutrients you receive from food, making it amplified. We are proud to introduce this NEW concept in energetically enhanced products to you that are safe and easy to use.

### Summary

The Digestive Solution™ energy card provides essential bio-frequencies that support and encourage vital organs to naturally balance the function of the organs while lending extra support for continued energy. The Digestive Solution™ energy card also enhances healing and antioxidant support in your body as well.

### Proper Placement

Place the Digestive Solution™ energy card under your food plate for **20 to 25 seconds** and then place your beverage for the same amount of time. Your body will receive the bio energetic signatures from the energy card. We also provide an RFID blocking envelope for additional protection from the outside environment when the energy card is shipped to you. The Digestive Solution™ energy card will expire two years after purchase.

The Digestive Solution™ energy card is manufactured for Human Carbon units, designed by AlphaBio Centrix, R&D. Copyright in 2015 by AlphaBio Centrix, R&D. All rights reserved, U.S. Patent Pending. The Digestive Solution™ energy card is programmed with an oscillator frequency generator that creates an energy flux within the embedded magnetic strip.
